Academic Session 2026-27

Mr. Akhilesh Garg
Principal, Gyaana International School

Welcome to the Future of Education

"Dear Parents, Education today is not just about textbooks; it is about 'Life Readiness.'"

At Gyaana International School, we are proud to step into the Academic Session 2026-27 as a **full-fledged Senior Secondary School (CBSE Affiliated)**. This milestone means we can now handhold your child from their very first step in Nursery right up to the threshold of their professional careers in Class 12.

Living in the education hub of Kota district, we understand the aspirations you have for your children. Our new curriculum blends the academic rigor of Kota with the nurturing care of a global school. With the introduction of Robotics, Coding, and Integrated Foundation Courses, we ensure your child is not just "literate" but "future-ready."

We invite you to join a family where every child is a star.

The Gyaana Advantage

WHY US? THE 6 PILLARS OF EXCELLENCE.

Complete Schooling (Nursery - XII)

No need to switch schools. A seamless journey from play-based learning to Board Exam success.

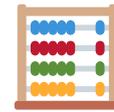

Integrated Competitive Prep

We bring 'Kota-level' coaching inside the classroom. Foundation courses for JEE, NEET, and Olympiads.

Tech-Driven Learning

State-of-the-art Robotics & Coding Labs where students move from being 'users' to 'creators'.

Skill Mastery

Mandatory Abacus & Vedic Maths program to eliminate fear of numbers and boost speed.

Holistic Growth

Balanced focus on Sports, Performing Arts, and Public Speaking to create confident leaders.

Safety First

GPS-tracked transport, CCTV surveillance, and a zero-tolerance policy on discipline.

Structured for Success

ACADEMIC ROADMAP

NURSERY – GRADE 5

1. The Foundation Years

Focus: Curiosity & Confidence

- ✓ Activity-based learning
- ✓ Phonics for English fluency
- ✓ Abacus for mental math
- ✓ No heavy bags, just heavy learning

1

2

GRADE 6 – 8

2. The Preparatory Years

Focus: Skill & Logic

- ✓ Introduction to Coding & Robotics
- ✓ Early exposure to Olympiads
- ✓ Building strong base for NTSE/STSE

GRADE 9 – 12

3. The Career Years

Focus: Boards & Entrance Exams

- ✓ Science (PCM/PCB) & Commerce
- ✓ Integrated Classroom Model
- ✓ Regular OMR-based testing
- ✓ Advanced Practical Labs

3

Future-Ready:

Robotics, AI & Coding

The jobs of tomorrow don't exist yet. We prepare your child to invent them.

Robotics Lab

A dedicated STEM space for mechanical engineering, circuit design, and sensor building.

Coding Curriculum

Starting from block-based Scratch in junior classes to Python and Java in senior years.

Artificial Intelligence

Exposure to AI concepts ensuring our students lead the digital revolution.

Leaders are Born on the Playground

"A healthy body houses a sharp mind"

Sports Academy

Professional coaching for Cricket, Football, Basketball, and Athletics.

Performing Arts

Music, Dance, and Drama clubs to boost confidence and stage presence.

Personality Development

Regular sessions on Spoken English, Etiquette, and Leadership skills.

Our Philosophy

"At Gyaana, every student must pick a sport and an art form. We don't just create scholars; we create confident leaders."

World-Class Infrastructure

Smart Classrooms

Interactive Digital Boards in every class for immersive visual learning.

The Knowledge Hub

Well-stocked library with 5000+ books and rich digital resources.

Safe Transport

GPS Tracking, Speed Governors, and female attendants in every bus.

Science Labs

Separate, fully equipped labs for Physics, Chemistry, and Biology.

Join the Gyaana Family

ADMISSIONS OPEN 2026-27

Simple 4-Step Process

- 1 Visit Campus**
Experience our facilities and meet counselors.
- 2 Registration**
Fill out form (Online/Offline).
- 3 Assessment**
A basic interaction/test to understand the child's level.
- 4 Enrollment**
Submit documents and secure the seat.
